## **New Rock Sound with a 'Classic Rock' Feel**

SKROU is one of Toronto's hardest working Original Indie bands! With over +150 live shows since the band formed in 2011; and with no signs of slowing down, (40+ Live shows in 2014 alone); the band continues to build their name and following! The band is booked solid throughout 2014 with many summer festivals and venues starting with Southern Ontario, and working on booking some international dates. Their recent CD release along with their debut video release have been met with rave reviews. The band continues their live schedule as well as interacting with their fans on social media. SKROU is an entertaining band from the first guitar chord to the final cymbal crash!

Relentless in Rocking The Masses, and in getting the Ladies, shaking their ...es!!!

Dominic Diamond, former DJ at Toronto's Q107 says:

"SKROU are a modern day Van Halen. SKROU Roxx!!"

Fronted by Sam Kirou, his Power, passion and hooky vocal melodies deliver a high energy and visually entertaining show. Sam has been active in the music industry since he was a teenager, having lived 'the Toronto music scene' and played some of the legendary clubs such as Rock and Roll Heaven, The Gasworks, and The Diamond Club.

Guitars\Backup Vocals - 'JD' John DeFino brings the experience, the talent and showmanship to the SKROU Rock Show. With his 'bring the house down' knack for knowing just when to turn it up to and turn it on. JD is no stranger to the stage, or studio for that matter, having toured Canada sharing the stages with Canadian rock legends Goddo, and Max Webster among others.

Bassist\Backup Vocals - RC Ricci lives to rock! Nothing is more evident that seeing RC play live. An experienced showman, and entertainer also with many years of music industry experience, RC is the 'rumble and thunder' that shakes the SKROU Rock Show! RC has shared stages with many top rock bands including Y & T, Pat Travers, Molly Hatchet, and most recently he played with Deen Costronovo (Journey).

Drummer - Enrico Bonatti a Naples Italy native has been developing his "skills with the sticks" since he was a child. The 'Engine that Drives' the SKROU Rock Show draws his inspiration and influence from Led Zeppelin's John Bonham among others, and with Enrico's many years of experience on the global Indie music scene, he has done well in mastering the 'sticks of the trade'.
